Seaside Casual Café Fusion inspired by iconic café seating across Europe, this collection is ideal for smaller spaces.

Adirondack Chairs classic style, folding Adirondack and Adirondack Rocker offer lasting value to a timeless piece. Custom cushions available in array of colors and patterns to enhance this versatile collection.

Portsmouth 40ò bench. In stock in white. Assortment of colors available for special order.

Thie furniture is essentially a maintenance free product. It is made from all weather marine grade recycled HDPE polymers - the kind found in milk jugs. The material is non-porous and resistant to moisture, fading, insects, splinting, warping.

Customers concerned about the environment can feel confident they have made a good decision by purchasing Seaside Casual. Unlike other types of resin and polymers, HDPE is the most environmentally stable, giving off no harmful fumes. The products are designed to hold up to all kinds of adverse weather conditions for decades. When they are finally ready to be replaced, the materials can be recycled again into new useful products.
