## *Easihair Pro After Care Instructions*

### ***\*10 Commandments for success\****

1. No shampooing or working out for 48 hours after application.
2. Do not apply conditioner directly on panels, ONLY ends of hair.
3. Only use products your salon professionals recommend for extensions.
4. Brush, brush, brush to prevent tangles.
5. Pinch your panels during downtime.
6. Sleeping with your hair in pigtails or a low ponytail will preserve the hair quality and prevent tangles.
7. Sleeping with a silk pillowcase not only feels great, but helps prevent your hair from tangling while sleeping.
8. If a panel starts to lift or one slips out do not panic, it will not be detectable to others. Simply store the hair in a zip lock bag, and make an appointment with your stylist to get it reapplied.
9. Pre-book your extension follow up & maintenance 5-6 weeks after your initial application.
10. In the event you experience any challenges, please take photos and contact your stylist.

## *Spray Tan After Care Instructions*

- Wear dark, loose fit clothing until first shower.
- Wait 24 hours before showering and avoid getting wet/sweating until your first shower.
- Best to do a quick rinse off before showering.
- Pat your skin dry after a shower, no scrubs or loofah in the shower for a week.
- ONLY use brand new razors when shaving.
- Use lotions with no mineral oil (Aveeno doesn't contain any mineral oil)
