

Medical & Special Needs Boarding

We are a 24-hour veterinary hospital, and are pleased to meet your pet's medical needs while they are staying with us.

Feline Boarding

We offer a cat-only boarding facility that provides an area free from the constant hustle and bustle of walking dogs!

Canine Boarding

Our canine boarding includes spacious housing, feedings, cleanings and, of course, TLC from our staff!

Doggie Daycare

We offer full and half-day daycare service featuring extended hours and quick drop-off/pick-up processes for our on-the-go pet parents. Benefits of daycare include: Socialization, supervised play and peace of mind.

Can I Bring My Own Bed or Toys?

While we are happy to accommodate your pet's needs, we discourage the use of personal bedding and toys. Beds and toys for in-home use are not well-designed for a boarding facility setting and are challenging to clean and properly maintain during your pet's stay. If you prefer to bring your own pet items, please understand that we cannot guarantee its safe return.

Vaccination Requirements

Canines: Distemper, Parvo, Kennel cough, Rabies.
Felines: Rabies, Bordetella, Feline upper respiratory.
