TO WHOM IT MAY CONCERN:

We are writing this letter in reference to a contractor by the name of Double P Grading. We have dealt with Double P. on several job sites where our inspections were required.

Double P. Grading has always been professional in their manner and workmanship, and their work has been top quality and meets or exceeds the standards set forth by Gwinnett County.

We would recommend Double P Grading for sewer & water projects. In our opinion, they would be an asset to any City or County municipality by the performance of their work.

If you have any questions, feel free to call any of us between the hours of 7 AM to 4 PM.
