

## Before Cataract Surgery Eye Drop Schedule

Start Eye Drops: \_\_\_\_\_ Date of Surgery: \_\_\_\_\_ Right or Left \_\_\_\_\_

### WASH HANDS BEFORE USING EYE DROPS.

Close eyes gently for a full 5 minutes after each drop allowing  
medicine to work.

Use this checklist to keep track of your progress. Check (✓) for each drop.

**Example:**

**8am, 12pm, 4pm, & 8pm (or) breakfast, lunch, dinner, & bedtime**

Let's get ready...	Day 1	Day 2	Day 3
<b>*Tan</b>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
<b>Gray</b>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>

*\*Tan top is a thick, milky drop and can be stored upside down for easier dispensing.*

**Reminder:**

- ✓ Nothing to eat or drink after midnight, the night before surgery.
- ✓ You may take your regular meds with SIP of WATER the morning of surgery..... **EXCEPT** diabetic medications.
- ✓ Please bring all eye drops with you the morning of surgery.
- ✓ Relax – We will take great care of you!
