Belize is a wall diver's paradise. Sheer walls like Painted Wall, Half Moon Caye Wall and Quebrada are adorned with huge crimson gorgonians and giant orange elephant ear sponges. Moray eels, spiny lobsters and tiny arrow crabs hide in every crack, crevice, cave and tunnels of these beautiful coral formations. These are just a few things you will see at Lighthouse Reef, Half Moon Cay and Turneffe Reef.

Every Saturday at 6 pm, the luxurious Belize Aggressor III casts off from the Radisson Ft. George dock, located in the heart of downtown Belize City for a week of hassle-free diving to Lighthouse Reef, Half Moon Cay and the famous Blue Hole. The mystical Blue Hole, a collapsed freshwater cave system is approximately 1000 feet across and over 400 feet deep. The Blue Hole was made famous by ocean pioneer Jacques-Yves Cousteau who declared it one of the Top Ten Dive Sites in the World. In 1971, he brought his ship, the Calypso, to the Blue Hole to chart its depths. Once descended into the Blue Hole guests will see beautiful vertical stalactite formations.

Diving begins Sunday morning and ends Friday before lunch when the Aggressor returns to port. Sunday through Thursday there is unlimited diving throughout the day and a night dive each evening. Friday a half day of diving is offered. A trip to this Central American paradise isn't complete without a visit to Belize's Mayan ruins, a cave tubing ride through the jungle, or a canopy tour through the tree tops. Tours are offered on Friday afternoon, but an extended stay is recommended to fully enjoy the wonders of Belize. Guests may enjoy the Radisson Ft. George Hotel pool and bar area free of charge on Saturday.

Guests will be met by a crewmember in uniform at the Belize City (BZE) International Airport and transferred to the yachts. Guests may board Saturday between 3 pm - 6 pm. At 6 pm the yacht departs for its night anchorage to prepare for diving Sunday morning. After a full week of diving, the Belize Aggressor III returns back to the Radisson Ft. George dock in Belize City Friday afternoon after lunch. Check-out is Saturday morning at 8 am. Transportation is provided back to the Belize City International Airport Saturday morning.

When the trip is a year out we will begin looking at airfare and determine which day we might leave and depart. On many of these trips we like to go early to make sure if there are any travel delays; we don't lose any days of diving. You are welcome to arrive on the 8th and leave on the 15th if that is your preference. Extended stays and other transfers are not included in the total price.
