8. Send your entry to [CONTEST@caballero plumbing.com](mailto:CONTEST@caballero plumbing.com)

### Helpful Tip:

Foul odors can occur from a buildup of food debris within the disposer, try these steps to eliminate odors:

Grind ice cubes and orange or lemon rinds in the disposer for about 30 seconds  
While the disposer is still running, pour a small amount of liquid dish detergent into it.  
Rinse any remaining debris away by running cold water for about 30 seconds
