

Vended **Front Load Washer** with **Galaxy™**

At Huebsch, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver...

Cutting-edge balance sensing system

An updated suspension and new sensing technologies combine to redistribute loads and maintain cycle times—resulting in reduced utility costs, shorter wait times and increased turns through your store.

10-degree tilted control panel

Improved control visibility and ease-of-use make for an ideal user experience.

Inner & outer stainless-steel tubs

Built to be virtually indestructible.

Incredible 440 G-Force

Increased spin speed maximizes moisture removal and reduces drying times, getting customers in and out of your store faster—and ensuring they leave satisfied.

Unmatched durability

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed up by Huebsch's standard three-year warranty.*

20% larger capacity

Increased capacity means bigger loads, which allow for higher vend pricing. In addition, improved water and energy efficiencies lower utility bills and keep more money in your pocket.

Galaxy™ 600 controls

Integrating Galaxy 600 controls allows for intuitive operation and simple programming throughout your store with revenue-boosting options. Better yet, it means your Vended Front Load Washer is Huebsch Command-compatible!

*Parts only, labor not included. See Huebsch Warranty Bond for specifics.

Introducing

HUEBSCH COMMAND™

Intuitive, real-time laundromat data that's custom-made for the way you operate.

The Galaxy™ 600* Washer-Extractor is Huebsch Command-compatible! That means you get all features of the Galaxy Control – but now you can use them remotely, from anywhere in the world with an internet connection!
