DESIGN MANUAL

There are literally hundreds of design combinations for TrafficPatternsXD crosswalks and traffic calming surfaces. The purpose of this Design Manual is to provide a visual glance of ideas and suggestions using various combinations of patterns, borders, and colors.

Specifications and CAD drawings are available at www.ennisflint.com and www.CADdetails.com

Made of durable preformed thermoplastic pavement marking material, TrafficPatternsXD provides a cost-effective alternative to the use of brick and stone pavers and is virtually maintenance free. The pattern and color combinations allow designers the flexibility to create the ideal crosswalk or traffic calming pattern that complements an overall streetscape design.

Ennis-Flint, the world's leading manufacturer and distributor of preformed thermoplastic pavement marking materials, makes a complete line of products at our U.S. facility which is ISO 9001:2008 certified for design, development, and manufacturing. Ennis-Flint offers pavement markings for use on streets and highways, crosswalks, intersections, parking areas, and many airside and landside uses at airports. From lines, legends, and arrows to traffic calming crosswalks and detectable warnings, Flint's products help motorists, cyclists, pilots, and pedestrians move in the right direction...*safely*.

115 Todd Court Thomasville, NC 27360 (336) 475-6600 www.ennisflint.com

APPLICATION OVERVIEW

Applications are performed by Certified Applicators only. The 2 ft. x 2 ft. sheets of material are positioned on the non-stamped, prepared asphalt surface. The material is heated to allow proper embedment of the anti-skid elements. A specialized grid gently stamps a pattern into the material and just into the top layer of the asphalt.

1. APPLY SEALER & POSITION

2. HEAT MATERIAL

3. STAMP WITH WIRE GRID

POPULAR BORDERS & PATTERNS

Drawings below represent the wire grids that are stamped into the asphalt surface to create specified pattern.

BORDERS

PATTERNS

Offset Brick
Brick Size: 4-3/4" x 9-5/8"
(12.4cm x 24.3cm)

Diagonal Herringbone
Brick Size: 4-7/8" x 9-3/4"
(12.3cm x 24.7cm)

Standard Herringbone
Brick Size: 4-7/8" x 9-3/4"
(12.3cm x 24.7cm)

Slate
Brick Size: 3" to 16"
(7.6cm to 40.56cm)

Cobble
Brick Size: 4-7/8" x varies
(12.3cm x varies)

Stone
Brick Size: varies 4" to 1'-4"
(varies 10cm to 40cm)

Eurofan
Brick Sizes: 3" to 4" x varies
(7.6cm to 10.1cm x varies)

Scallop
Brick Size: 4-1/2" x varies
(11.4cm x varies)

Tile
Brick Size: 4", 8", 10" and 12"
(10.1, 20.3, 25.4, and 30.4cm)

OFFSET BRICK

Wire-Rope Grid		
XDG-10-100	8'W x 14'L	Offset Brick
XDG-10-101	14'W x 8'L	Offset Brick
XDG-10-102	8'W x 14'L	Open Offset Brick with Stacked Brick Border
XDG-10-103	8'W x 14'L	Closed Offset Brick Stacked Brick Borders
XDG-10-104	6'W x 10'L	Offset Brick
XDG-10-105	11'W x 6'L	Offset Brick
